The AMAZING Odyssey Selfie Mirror

A whole new level of fun!
A magical, interactive photo booth
experience for the discerning client!

Its full length mirror offers a sleek
design that is just as happy in a
sleek modern function room or an
ancient baronial hall!

You can choose to include

- gesture & movement control
- dslr camera for amazing pictures
- hilarious range of amazing props
- augmented reality
- photo signing
- emoji stamping
- interactive contests
- social games
- photo filters
- green screen
- optional backdrop
- and so much more!

If you are after a photobooth
experience that isn't limited by
the confines of it's box then
look no further!

#SelfieMirror

Lumia Booth

The amazing Lumia Booth with it's 'Come and have a go' lighting is almost guaranteed to be the centre of attention! Your guests won't be able to hold back their inner child whilst creating some smiles & laughter that will be heard throughout.

- studio Lighting
- optional backdrop
- dslr camera (perfect pictures everytime!)
- interactive touchscreen
- digital and printed output
- quality range of hilarious props

Digital Booth

If you just want to have a bucket load of fun, and create some hilarious photos to share online, then the digital booth from Odyssey is just what you want.

Our standalone booth with seriously impressive credentials!!

- fantastic photo quality
- 'Come have a go' lighting
- photo, Boomerang or GIF options
- choice of Touchscreen Backgrounds
- digital print artwork designed for your event
- funky filters (optional)
- backdrop hire available (optional)

If you are looking for no fuss & amazing fun - welcome to the Digital Booth

360 Booth

If you're looking for something that's new and exciting.. you are going to love this! Watch your guests release their inner 'Beyonce' as they dance around on the podium as we film it in full 360 technicolour glory!

We then add a bit of magicary to it to create side busting boomerang style digital content. Just perfect for sharing straight to your socials!!

- augmented reality
- greenscreen options
- custom artwork designed for your event
- digital output perfect for sharing
- hilarious range of props
- something completely different!

Odyssey Roamer

Welcome to our beautiful
Roaming Photo Booth.

It's a whole new level of
fun - let us bring the photo
booth to the you!

- X** No need for any space
- X** No worries about people
not having a go!

All the fun of a regular photo
booth - but without the need
to be stuck in the corner!

“No one puts Baby
in the corner”

- colourful attract me lights
- digital props
- digital output just perfect
for sharing to socials.
- augmented reality
- funky filters
- GiFs, Boomerangs & Photos

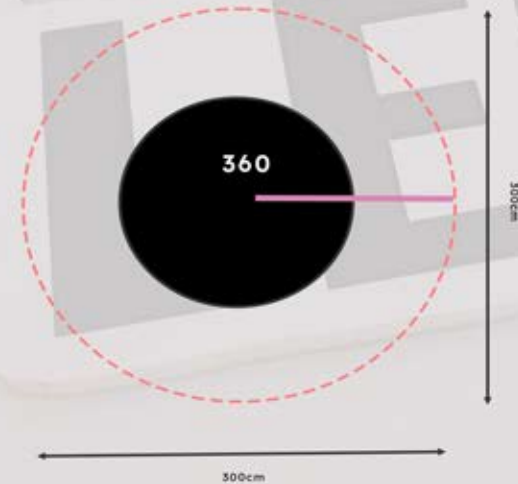

Space

When considering which experience to choose how much space you have to play with has to be considered.

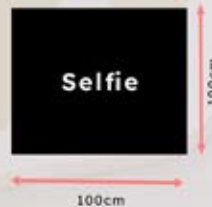

The Odyssey Photobooth is approx 2m long, 1.5m deep and 1.8m tall. **In addition** to this, we would usually have a 1.8m table for all our props, printer and signing the album.

The Odyssey 360 Booth is approx 3m wide, 3m deep and 1m tall. **In addition** to this we would usually have a 1.8m table for all our props, and a separate small social sharing station.

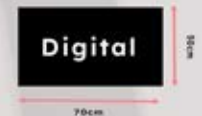

The Odyssey #SelfieMirror is approx 1m wide, 1m deep and 1.5m tall. You **also need to allow** for your guests to stand approx 1.8m in front of the mirror, plus a 1.8m table nearby to hold all of our props, printer and Memory Album

The Odyssey Lumia Booths are approx 70cm - 180cm wide*, 70cm deep and 1.8m tall. The booth is 70cm wide, however we can install a 1.8m table for props etc should you wish.

The Odyssey Digital Booths are approx 70cm wide, 50cm deep and 1.8m tall. We can also provide a 1.8m table should you wish for our Box'o'Props .

The Odyssey Roamer by it's very nature doesn't need any space at all as we are wandering around your event capturing your friends and family having fun EVERYWHERE!!

Other Considerations

We LOVE our props, we have possibly the most extensive range of props available! We usually fill a 6ft table with quality, thought provoking props that help to create some hilarious results!

To ensure that your Memory Album is carefully crafted, we will always provide two Odyssey Booth Butlers. One to look after your guests as they create their masterpieces, the other to look after the Memory Album. We love creating these as we know you will be flicking back through the pages for years to come, and you want to be perfect! You can't do that with only one member of staff.

Some experiences also have the option of multiple experiences in one. Why not let your guests decide what they would like to do. Single Photo, 3 Photos, Boomerang..... let them decide.

Summary

	Traditional Photobooth	Selfie Mirror	Lumia Booth	Roamer	360 Booth	Digital Booth
High Res digital copies after the event	✓	✓	✓	✓	✓	✓
